REVIEWS THAT MAKE ME SMILE: "I met Anthony at the 2019 Society for Human Resources Management conference in Denver in February 2019. His talk was the highlight of my day. I love his sense of humor, his message, the way each line - and joke - landed perfectly, and how even a self-deprecating joke moved the conversation forward. His bond with the audience was immediate; his talk had all of the components of adult learning, and his enthusiasm was contagious..." ~Heather Davis, SPHR
